Served-per-Year	<a href="#">Demographics</a>		
Content	The MSSELI program identifies lead science teachers from San Diego City and County middle schools. Once identified, these teachers participate in an intensive summer and academic year professional development program focused on science content, leadership strategies, and collaboration with area public and private scientific institutions.		
Outcomes	The mission of MSSELI is to develop a scientifically literate society, with goals of identifying and supporting middle school science teachers who will serve as catalysts for change and to establish a professional learning community.
