Content	<p>The California Science Center offers science-rich, fun-filled experiences in our week-long day camps for children in pre-school through 8th grade. Choose from over 25 classes including Wizard Science, Fantastic Physics, Skate Science and many more. Concoct oozing slime, explore the insides of a squid and build a skateboard—all in the name of science! These are just a few of the exciting activities offered in more than 25 courses at the California Science Center’s Hands-On Science Camp. This summer, explore physics, chemistry, biology, space and the earth in diverse classes that take advantage of the Science Center’s unique, state-of-the-art resources. Hands-On Science Camp takes place in and around the Wallis Annenberg Building for Science Learning and Innovation, housing cutting-edge classrooms and labs. Campers will do science in a modern environment that includes the 32,000 sq. ft. Big Lab with its large-scale experiment platforms designed for maximum hands-on investigation. Roll up your sleeves and discover something new in Hands-On Science Camp.</p>		
Outcomes	<p>Kids participating in the program will experience science in many forms, the many subjects that we offer will allow kids to choose an area that interests them the most and explore the science in that area. There are more than 25 courses that are offered by the program and from the experience of previous campers it looks like the kids had a lot of fun. With so many interesting topics, learning is made easier through subjects kids are fond of.</p>
