

A Professional Development Workshop for 5-12 grade Teachers

July 28 - Aug 1, 2014

The Cal Poly University Center for Excellence in Science and Math Education (CESAME), and the Teacher Quality Partnership Grant (TQP) are pleased to offer a unique one-week professional development course this summer in:

Computer Modeling & Simulation

This workshop is designed to provide pre-service and in-service teachers with skills and tools to help prepare for both the Common Core State Standards the Next Generation Science Standards. A free open-source modeling software called NetLogo will be used for this program. NetLogo is a programmable modeling environment used by tens of thousands of students, teachers, and researchers worldwide.

Details:

July 28—Aug 1, 2014
