

This workforce solution was funded by a grant awarded under Workforce Innovation in Regional Economic Development (WIRED) as implemented by the U.S. Department of Labor's Employment and Training Administration. The solution was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership. This solution is copyrighted by the institution that created it. Internal use by an organization and/or personal use by an individual for non-commercial purposes is permissible. All other uses require the prior authorization of the copyright owner.

California's Innovation Assets and Capabilities

Profile Sheet for Federal Research Laboratories and Federally Funded Research Centers

Name of Laboratory

Type of Installation

Location (city, county and zip code)

Website Link to Research/Technology Section

Mission

Major R&D Programs
(include searchable key words)

Assets

Leading-edge research programs, products or technologies

Unique assets and unique clustering of special talents

Special facilities and/or equipment fostering research

(Test Beds, Demonstration Labs, Visualization/Simulation Facilities, Computational Facilities)

Special capabilities

(Unique processes, expertise in working with special materials, novel applications of cross-discipline technologies)

Collaboration/Partnering Opportunities

- Mechanisms/instruments for forming partnerships, i.e., CREDA, SPACE ACT AGREEMENT, Interagency Agreement, etc.
- Access to Facilities – restrictions, fees, conditions for use
- Policies and opportunities for in- and out-licensing of technologies
- Policy and practice related to the availability of staff expertise for providing technology assistance for fee

Primary Contact(s) for Initiating Potential Collaborations/Partnerships

Optional Information

Background on the Lab and other Information

- Installation's official name (and/or Component, if multiple field activities exist) and sponsoring government agency
- Physical location (for geo-coding, to extent permissible)
- Annual Budget (by Fiscal Year)
- Number of Employees
- Particular programs/regulations related to:
 - Small Business Programs
 - Procurement/Vendor Diversity
- Surplus facilities and/or equipment available for gift or long term loan (Include qualification and restrictions for such gift/loan)

Other Information You Would like to Provide Related to Collaborations
