

This workforce solution was funded by a grant awarded under Workforce Innovation in Regional Economic Development (WIRED) as implemented by the U.S. Department of Labor's Employment and Training Administration. The solution was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership. This solution is copyrighted by the institution that created it. Internal use by an organization and/or personal use by an individual for non-commercial purposes is permissible. All other uses require the prior authorization of the copyright owner.

California's Innovation Assets and Capabilities

Profile Sheet for Research Universities and Specialized University-Linked Research Institutes

Name of Research University or Institute

Type of Facility

Location (city, county and zip code)

Website Link to Research/Technology Section

Focus of Research Curriculum

Major Research and Technology Fields

(Include:

- Major programs and areas of special emphasis
 - Information related to technologies available for out-licensing
 - Searchable key word descriptors of current R&T field)
-
-

Unique Assets and Unique Clustering of Special Talents

(Include specific Research Centers, Institutes, etc., as well as any contact information)

Special Facilities and/or Equipment Enhancing Research

(Include: Availability of facilities/equipment for non-university users – also any restrictions, conditions and costs for such use.)

Special Capabilities

(Unique processes, expertise in working with special materials, novel applications of cross-discipline technologies)

Collaboration/Partnering Opportunities

- Mechanisms/instruments for forming partnerships
 - Access to Facilities – restrictions, fees, conditions for use
 - Policies and opportunities for in- and out-licensing of technologies
 - Policy and practice related to the availability of staff expertise for providing technology assistance for fee
-
-

Primary Contact(s) for Initiating Potential Collaborations/Partnerships

Optional

General Information on Facility

- Annual Research Budget (by Fiscal Year)
- Number of Students, under graduate and graduate engaged in research
- Special Awards and Achievements

Other Information You Would like to Provide Related to Collaborations
