Served-per-Year		Demographics	Women
Content	Sally Ride Science Festivals bring together hundreds of girls for a festive day of science and socializing. Parents and teachers are welcome too! The festival goes nationwide so watch out for the next time we are near your community! Each festival features: an inspiring talk; workshops for girls, given by local veterinarians, astronomers, microbiologists and engineers; workshops for parents and teachers on ways to support girls' interests in science and math; a street fair with hands-on activities, booths, food and music.		
Outcomes	The program aims to introduce girls into the field of science and maybe inspire them to follow a career in science.
