Level	Elementary School (K-5th grade)  Middle School (5-8th grade)  High School (9-12th grade)		
Other-Objectives			
Served-per-Year	<a href="#">Demographics</a>		
Content	<p>The museum outreach program consists of classes on many topics of aviation and space. The classes are offered at the museum and at the public schools in the San Diego area. More information about the program is listed below. Several topics of the museum classes are: Aerodynamics with Paper Airplanes, Aerospace Heritage Program, Aquarockets, Aviation Art, Balloon Builders, International Space Station, Rocket Science for Real, Space Capsule Challenge. Topics for the afterschool program classes: Awesome Aerodynamics I, Foam and Balsa Gliders, Foam Flyers, International Space Station, Puff Gliders. Through the program students will be able to build and fly paper airplanes, foam and balsa gliders, build and launch model rockets, hot air balloons, and many more exciting things.</p>		
Outcomes	The program hopes to get students involved in science, specifically in the area of aviation and space because it is an area of great opportunities.
